

Northern Valley Regional High School District Board and District Goals 2020-2021

BOARD GOALS

- 1. Anti-Racism, Anti-Discrimination, and Social-Emotional Learning:** To help improve the overall wellbeing of the students, the board will work towards undoing racism, bias, and prejudice by taking further governance-related action to assist the administration in creating an anti-racist culture and improving the overall school climate, health education, and wellness-related services.
- 2. Restart of School:** The board will work closely with and support the school administration in developing and implementing plans to safely reopen the district schools for the 20-21 school year.
- 3. Student Achievement:** To continue to support the school administration in the implementation of programs to enhance student achievement and emotional success, the board will monitor and provide input and feedback for the implementation of district goals. This will be accomplished through reporting and presentations by school personnel at committee and full board meetings.

DISTRICT GOALS

- 1. Anti-Racism, Anti-Discrimination, and Social-Emotional Learning:** To improve student wellness by executing action plans based on data, community, and staff input, including the feedback received from stakeholders. District employees will work towards undoing racism, bias, and prejudice by taking further action to create an anti-racist culture and improving the overall school climate, health education, development of the whole student, and wellness-related services.
- 2. Assessment & Grading:** To continue to increase the assessment literacy across the district, teachers, supervisors, and administrators will further develop high quality standards-aligned common assessments/performance tasks, as well as ways to provide disaggregated descriptive feedback to students in a timely manner.
- 3. Student-Centered Learning:** To support student-centered learning and universal accessibility in traditional, hybrid, and online learning environments.
- 4. Restarting School:** To safely reopen the buildings and provide a thorough, meaningful education that meets the needs of all students, in accordance with guidance provided in the NJ "The Road Back" guidance document.
